SUMMARY

Business Intelligence Developer with **3+ years of experience designing, developing, and maintaining Microsoft BI solutions**. Strong hands-on expertise in **SQL Server, SSIS, SSRS, Power BI, Excel**, and data warehouse reporting solutions. Proven ability to build **ETL pipelines, reports, dashboards, and automated scripts** to support enterprise analytics and reporting needs. Experienced in supporting BI systems end-to-end including development, testing, deployment, and production support.

SKILLS

- **Power BI Development:** Dashboards, reports, KPIs, Power BI Service, workspaces, gateways, security
- **Data Modeling & Analytics:** DAX, Power Query (M), star schema, self-service BI models
- **SQL & Data Extraction:** SQL query writing, joins, aggregations, basic optimization
- **Data Visualization:** Translating structured data into clear, actionable visual insights
- **Tools & Programming:** Excel (PivotTables, Power Query), Python

EXPERIENCE

Power BI Developer – Academic & Industry Work

Jan 2025 – May 2025

- Designed and developed Microsoft BI solutions using SQL Server, SSIS, SSRS, Power BI, and Excel.
- Built and maintained ETL pipelines in SSIS to extract, transform, and load data from multiple sources.
- Created SSRS and Power BI reports and dashboards to support operational and management reporting.
- Developed SQL Server stored procedures, views, and queries to support reporting and analytics needs.
- Validated BI reports against source systems and ensured data accuracy and integrity.

Operations Analyst - Infosys (Bengaluru, India)

Jun 2018 — May 2020

- Supported enterprise BI and reporting systems using **SQL Server and Excel**.
- Wrote and optimized **SQL queries** for reporting, reconciliation, and data validation.
- Assisted in developing **automation scripts** to reduce repetitive administrative and reporting tasks.
- Supported BI production environments, troubleshooting data and report issues.
- Followed structured documentation, change control, and testing processes.

EDUCATION

M.S. in Information Systems, Saint Louis University, Saint Louis, MO (GPA: 3.8/4)

Aug 23 — May 25

Master's in business administration, ABBS, Bangalore, India (GPA: 80%)

Sep 2020 — Sep 22

B.Sc. in Computer Science -(GPA: 78%)- PBSC, India

Jun 2015-May2018
